Hilton College is perfectly poised to be YOUR SOURCE of a quality online executive master’s degree. In Texas, we are the only source. Of note, we launched this degree program in 2017 because the industry and our graduates asked for it. Why?

The reputation of our faculty. Many of our faculty members are internationally recognized researchers who are involved in cutting-edge research projects with industry partners. The faculty directory on the CONTACT US section of our website illustrates the depth of expertise and industry experience each brings to our program.

The practicality and quality of our existing graduate programs. In the U.S. and around the world, our graduate curriculum has an exemplary reputation for its practicality. This online degree option is as rigorous and demanding as our residential graduate degrees. And even though coursework is 100 percent online, faculty-student engagement is also comparable, with constant communication and support through emails, iMessage, Skype and Zoom sessions.
